After 8 years...

MDA revives layout plan 15 kms from Mysuru at Bommenahalli near Yelwal

- New layout to have 9,000 residential sites in 500 acres
- 5 officials appointed exclusively for layout-related tasks

Mysuru, Nov. 3 (RK&BCT)- For the first time in eight years, the Mysuru Development Authority (MDA) has initiated steps to develop a new residential layout at Bommenahalli, coming under Yelwal hobli in Mysuru taluk, rekindling hope among thousands of long-waiting applicants. Bommenahalli is around 15 kilometres from Mysuru city.

Now, under the leadership of MDA Chairman and Mysuru Deputy Commissioner (DC) G. Lakshmikanth Reddy and Commissioner K.R. Rakshith, the Authority is preparing to launch the Bommenahalli housing layout and resume site allotments.

MDA has identified land near Bommanahalli village in Yelwal hobli, under Nagawala Gram Panchayat, for the new layout. The plan includes developing 9,000 residential sites of various dimensions across 500 acres.

The scarcity of available land had previously stalled MDA's housing projects, as private developers and housing cooperatives had already acquired large tracts around Mysuru for apartment and layout development.

Site visit tomorrow

To expedite the Bommanahalli project, Commissioner Rakshith issued an official order on Oct. 29 appointing a five-member team exclusively for layout-related tasks.

The team is scheduled to visit Bommanahalli on Tuesday (Nov. 4) to begin preliminary discussions with landowners. The team includes Special Tahsildar K.V. Rajashekar, Office Manager M.K. Bharat Kumar, Special Revenue Inspector B.M. Raghavendra Nayak, Land Surveyor Hanumegowda and Second Division Assistant M.S. Nandeesh.

These officials will focus solely on land acquisition, change of land use, alienation and layout planning. Their daily responsibilities include visiting villages, consulting with farmers, sharing project details and facilitating land procurement either through mutual agreement or direct purchase at fair market rates.

Forgotten mandate

Over 80,000 people have applied for Mysuru Urban Development Authority (MUDA) — before MDA was formed — sites over the past 35 years, many dreaming of building a home in Mysuru.

Tragically, some passed away before their aspirations could be fulfilled. Adding to the frustration, MUDA's digital systems have reportedly rejected older applicants due to mismatches between their original photographs and current biometric records.

MUDA was originally established to acquire land — either through direct purchase or negotiation — and develop planned housing layouts with essential infrastructure such as roads, drinking water, electricity, underground drainage and parks. These sites were to be allotted to eligible beneficiaries at affordable rates, without profit motives.

However, in recent years, MUDA's role has been reduced to administrative tasks like issuing khatas, revenue records, plan approvals and certificates for private layouts, sidelining its core purpose. This shift left thousands of site aspirants disheartened.

(See LAYOUT on page 7)

Outer Ring Road to get 35 more traffic signals

Mysuru, Nov. 3 (GA&BCT)- The Mysuru City Police, who have already installed traffic signal lights at several junctions along the 42.5-km Outer Ring Road (ORR), is gearing up to install 35 additional signals by the end of December.

This move is part of a comprehensive traffic management initiative aimed at improving road safety and ensuring strict enforcement of traffic regulations across both the city and its outskirts.

The decision follows a noticeable increase in vehicular density and road accidents along the ORR stretch. In response, the Police Department has intensified its efforts to streamline vehicular movement and minimise violations of traffic norms.

Police have installed poles to fix traffic signals at 35 places along ORR.

According to ACP (Traffic) M. Shivashankar, the new signals will operate on a hybrid solar and electric power system and are expected to be fully operational by the end of December.

Over the years, Mysuru has witnessed a steady rise in the number of vehicles. To decongest the Central Business District — particularly during peak periods such as Dasara — many motorists now prefer using the Outer Ring Road for faster, smoother travel.

CHHATH PUJA - THANKSGIVING FOR THE SUN: ***The Sun has been worshipped from time immemorial as the source of energy for life on earth to grow and flourish. The Chhath Puja is one festival that is widely celebrated as a thanksgiving for the Sun god, from vedic times. Celebrated over four days, especially in Nepal and the States of Bihar, Uttar Pradesh, Jharkhand and West Bengal, it is illustrative of the symbolic relationship between nature and culture, said Prof. Kumool Abbi.***

Falling on the sixth day of the Karthik Shukla Paksha in the Shashti tithi as per the Hindu calendar, Chhath Puja dates back to the hoary tradition of Rig Veda. In the vedic cosmology, the powers of nature were venerated as energies that animate, sustain and grant wisdom and benediction. Along with the Sun, his divine consort Goddess Chhathi Mayiya, also referred to as Usha, is worshipped. Devotees pray to them to bestow prosperity, abundance, longevity, fertility, health, well-being and the protection of one's children. Linked to the agrarian calendar, the festival is celebrated in the spirit of thanksgiving. The rituals involved include ritual bathing, fasting, abstaining from drinking water, standing in a sacred river, lake or pond for a long period, focusing on god and offering *arghya* ***to the rising and setting Sun. Worshipping the Sun as a source of inner and external illumination, knowledge and wisdom is prevalent across many cultures and the practice is mentioned in many scriptures. The Ramayana narrates the worship of the Sun together by Rama and Sita and that Sita observed a month-long fast in the month of Karthik, during their coronation upon returning to Ayodhya after spending 14 years in exile.***

In the Mahabharata, Draupadi and the Pandavas performed the ritual of the Chhath Puja, on the recommendation of the venerated sage Dhaumya, revering Surya, the Sun god. Due to this, it is believed that Draupadi not only came out of her troubles, but also helped the Pandavas regain their lost kingdom. Similarly, some rituals performed by Karan (son of Surya), are now a part of Chhath Puja. — *In The Hindu*

Man receives colleagues' salaries!

Moscow: A factory worker in Khanty-Mansiysk, Russia, is being sued by his company for refusing to return over 7 million rubles ($87,000) he was wired by mistake due to a software glitch.

When he received a notification from his banking app at the beginning of this year, Vladimir Rychagov couldn't believe his eyes. Apart from the 46,954 rubles ($581) he knew he was owed as vacation pay, he had also received a mega-bonus of 7,112,254 rubles ($87,000). There had been rumours among his colleagues that their factory was preparing a sizeable 13th salary for them after a prosperous year, but he never expected anything like this.

However, his joy of becoming a millionaire was short-lived as he soon started receiving phone calls from the accounting department to let him know that he had been transferred the 7 million rubles by mistake and he had to return it. After doing some research online, Vladimir disagreed to return any money.

Pumpkin mosaic bags world record

Southampton: A farm in England celebrated the life of legendary rock singer Ozzy Osbourne by breaking a Guinness World Record with a massive squash mosaic in the musician's image.

Sunnyfields Farm in Southampton arranged hundreds of pumpkins and squashes into an image of Prince of Darkness measuring 2,281 square feet. The end result earned the Guinness World Record for the largest cucurbita mosaic (image).

The mosaic was unveiled at a ceremony attended by Osbourne's wife, Sharon, and daughter Kelly. Osbourne, the lead singer of legendary heavy metal band Black Sabbath, died on July 22 at the age of 76.

Unclaimed bank deposits drive: Some suggestions

Sir,

This refers to the news item titled *"Unclaimed Bank Deposits Drive"* in *SOM* dated Oct. 30.

Unfortunately, so many deposits and accounts are lying either dormant or unclaimed. This is probably because nominations are not registered or the addresses of nominees are not updated when they change residence.

The same issue applies to account holders. Many people in India do not make wills and even when they do, they often get them notarised instead of registered.

While it is a settled fact that even a last-minute handwritten will or a notarised will is legally valid, many banks and even Government Departments accept only registered wills.

Furthermore, even a registered will has to be probated in a District Court, a process that can take anywhere between six months and two years. This involves court fees and legal expenses, which often discourage people from getting their wills registered, probated and executed.

Another drawback is that a nominee for a savings or deposit account is not legally binding — the nominee is merely recognised as the person to whom the bank will release the balance in the account or deposit. This is unlike company shares, where the nominee becomes the rightful owner of the shares, even superseding a will.

The same provision should ideally be extended to bank savings and deposit accounts. In cases of unclaimed deposits, the probable reason banks struggle to trace account holders or heirs is that the addresses have not been updated for years.

I would suggest that every Aadhaar card holder be allowed to register two addresses — one as a permanent address and the other as a correspondence address. The correspondence address should be mandatorily updated in Aadhaar whenever there is a change expected to last more than six months or a year.

Aadhaar card should carry a validity date, with compulsory renewal before expiry. Every individual should carry the Aadhaar while stepping out of home — either as a plastic (masked) card or stored digitally via DigiLocker.

Breast cancer awareness held at Apollo BGS Hospital

Mysuru, Nov. 3 (KS) - As part of Breast Cancer Awareness Month, Apollo BGS Hospitals, Mysuru, joined the nationwide initiative by Apollo Cancer Centres through 'Check-Olate,' a unique chocolate that delivers a powerful message 'Take a moment for yourself.'

'Check-Olate' encourages women to make breast self-examination a monthly habit and promote early detection.

N.G. Bharateesha Reddy, Vice-President & Unit Head, Apollo BGS Hospitals, Mysuru, said, "At Apollo, we believe every woman's well-being strengthens families and society. Through 'Check-Olate', we remind women that self-care is essential — a few minutes of self-examination can make a life-changing difference."

Each Check-Olate bar carries a QR code linking to an animated video demonstrating a step-by-step breast self-examination guide turning a sweet treat into a symbol of care and awareness.

Dr. Ramya Yethadka, Consultant Surgical Oncologist at Apollo BGS Hospitals said, "Through Check-Olate, we help women embrace awareness as part of self-care. Breast cancer detected in the 1st and 2nd stages can be cured in 80 to 90 percent of cases. The duration and success of treatment depend on various factors such as the type of cancer, age of the patient, stage at diagnosis and size of the tumour."

Dr. Naveen Jayaram Anvekar, Consultant Medical Oncologist said, "Breast cancer detected early is highly curable. This initiative bridges the awareness gap and empowers women to act on time."

Dr. Ramya, Radiologist, stated, "Regular mammograms and self-exams are life-saving tools. Check-Olate delivers this message in a simple, relatable way."

Dark chocolate was chosen deliberately for its wellness benefits rich in antioxidants and flavonoids, it supports heart health, reduces inflammation and uplifts mood — making it the perfect blend of comfort and care.

The 'Check-Olate' initiative by Apollo Cancer Centres is more than an awareness drive; it's a movement of empowerment, inspiring women to prioritise their health through simple and meaningful habits.

NEWS BRIEFS

Annual Meeting

The Annual General Body Meeting (AGM) of Sri Shankara Jayanti Sabha, Mysuru, will be held at the Samudaya Bhavana, Thengina Thopu (Coconut Groove), Saraswathipuram, in city on Nov. 9 at 11 am. Also, various competitions have been organised for the Sabha members on Nov. 6 at 2 pm.

Free Kannada songs workshop

Sa Pa Sa Sangeetha Vidyalaya will be conducting a 3-day Kannada songs workshop for free from Nov. 10 to 12 (4 pm onwards) under the guidance of playback singer Purushotham Kiragasur at #2272, corner house (cellar), next to Ganabharathi, K-Block, Kuvempunagar. [Mob: 97429-92437 or 98805-89052]

Ayurveda camp

Cauvery Ayurvedic Medical College & Hospital, near Deve Gowda Circle, KBL Layout, Mysuru, has organised a free ayurvedic health check-up camp (dry eyes screening and management) from Nov. 3 to 8. For details, contact Mob: 97317-99317.

Applications invited

Backward Classes Welfare Department has invited online applications from eligible Backward class students belonging to Category-1 and Nomadic and Semi-Nomadic tribal communities for availing Post-Matric Student Scholarship (barring PUC), benefits of Vidyasiri Scheme & Fee Reimbursement. Last date to apply is Nov. 15. The applications can be submitted through the website: ***https://ssp.postmatric.karnataka.gov.in*** For details, log on to: ***https://bcwd.karnataka.gov.in*** or e-mail: *bcwdhelpline@gmail.com* or contact Mob: 80507-70005.

Ph.D awardees

N. Muruli has been awarded Ph.D in Library & Information Science by the University of Mysore (UoM), Mysuru, for his thesis 'Citation Behaviour of Researchers from Indian Central Universities in the Western Himalayan Region: A Study' submitted under the guidance of Dr. N.S. Harinarayana.

P. Basavaraju has been awarded Ph.D in Geography by the University of Mysore (UoM), Mysuru, for his thesis 'An Analysis of Urban Water Supply and Distribution System in Mysuru City' submitted under the guidance of Dr. P.T. Bharathi.

Unsafe fitness supplements, protein powders under scanner

FSSAI orders testing of samples, lab analysis amid health concerns

Officials from the Food Safety and Standards Authority of India collecting samples of protein powders, various spices and artificially coloured sugar crystals for laboratory testing.

Mysuru, Nov. 3 (BLU&BCT)- Athletes and gym-goers frequently consume various types of protein powders. However, many of these supplements pose health risks and have led to serious side effects — and in some cases, even life-threatening complications.

In response to the Government directive, the Food Safety and Drug Administration Department in Mysuru has launched an operation to collect samples of protein powders and send them to laboratories for analysis.

A team led by Dr. S.L. Ravindra, Designated Officer from FSSAI (Food Safety and Standards Authority of India), is actively collecting samples from multiple locations.

This initiative is being carried out under the instructions of Srinivas, Director of the Food Safety & Drug Administration Department and in coordination with the FSSAI. Two separate teams have been deployed — one within the City Corporation limits and another across the district. In the city, samples are being collected ward-wise, while in the district, the operation is being conducted at the taluk headquarters.

Once collected, the samples are sent to the National Institute of Pharmaceutical Education and Research (NIPER) in Hyderabad. After scientific analysis, a detailed report will be submitted to FSSAI.

A common affair

Protein powder consumption has become increasingly common among athletes and fitness enthusiasts. These supplements are used to promote muscle growth, manage weight, boost immunity post-workout and aid in fat loss.

However, experts warn that protein powders should only be consumed under medical guidance. Individuals must consult a doctor to determine which brand to use, the appropriate dosage and the duration of use.

Unfortunately, many users bypass medical advice and instead follow recommendations from sports masters or gym trainers — who often lack scientific knowledge about products. Despite limited understanding of dosage and brand safety, trainers continue to advise their clients on usage.

Dairy-based, plant-based

Protein powders come in various forms, including dairy-based and plant-based options. Yet, many trainers are unaware of the scientific implications of these products and still offer guidance without proper expertise.

As a result, users of unsafe or improperly consumed protein powders are experiencing adverse effects. In some cases, these supplements have endangered lives. Excessive consumption can strain the kidneys and liver, cause digestive issues and negatively impact bone health.

Given these risks, FSSAI has initiated a nationwide sample collection drive. In Mysuru city and across all taluks, the campaign is being carried out with urgency and seriousness.

Spice samples and coloured sugars also under scrutiny

Mysuru, Nov. 3 (BLU&BCT)- In addition to protein powders, the Food Safety and Drug Administration Department in Mysuru is now collecting samples of various spices and artificially coloured sugar crystals for laboratory testing.

Samples of spices such as pepper, cumin and others — both in whole and powdered form — are being collected and sent to the laboratory. This action follows complaints that harmful chemical dyes are being added to these products.

The collected samples are being sent to a laboratory in Mysuru for analysis. If hazardous chemicals are confirmed, the Department plans to take strict action, including banning the use of such adulterated products.

Samples of artificially coloured sugar crystals are also being collected. These chemically dyed sugars are known to have adverse effects on health. As a precaution, the Department is conducting sample collection drives across Mysuru city and all taluks, sending them for lab testing.

Dr. Ravindra

The Department has set a deadline to complete the collection of protein powder samples by December. We will finish the process within the stipulated time. We are conducting surprise visits to all locations where protein powders are sold, including medical stores and collecting samples.

— Dr. S.L. Ravindra, Designated Officer, FSSAI

Couple, son killed as KSTRC bus hits bike

Nanjangud, Nov. 3 (KS)- A couple and their son were killed when a KSRTC bus hit their bike from behind near Chamundi Township in the town yesterday.

The deceased have been identified as Shivamurthy (51), a native of Uddanur village in Chamarajanagar taluk, who was residing at Kumbarakoppal in Mysuru, his wife Chennajamma (46) and son Siddarth (15).

A painter by profession, Shivamurthy, his wife and son, were on their way to Srikanteshwara Temple yesterday and when they were proceeding in front of Chamundi Township at the entrance of Nanjangud, a KSRTC bus, which was proceeding towards Gundlupet from Mysuru, hit the bike from behind killing Siddarth on the spot.

Shivamurthy breathed his last while being shifted to a hospital while his wife Chennajamma succumbed to injuries at the hospital, according to Nanjangud Traffic Police.

Nanjangud Traffic Sub-Inspector Krishnakanth Koli and staff, reached the spot, conducted mahazar, seized both the vehicles involved in the accident besides registering a case.

Post-mortem was conducted and the bodies were handed over to the family members.

Nanjangud Traffic Police are investigating.

Obituary

Sunanda Narayan

Mysuru, Nov. 3- Sunanda Narayan (81), a resident of LIC Colony, Srirampura 2nd Stage, passed away today at a private hospital in city after a brief illness.

She leaves behind her husband P.R. Lakshminarayana, daughter L. Jyothi, son-in-law K.R. Manjunatha, granddaughters Meghana Manjunath, Madhurya Manjunath, grandsons-in-law Tushar Sharma, Vaibhav Tambe and a host of relatives and friends.

Last rites were performed at the foot of Chamundi Hill today.

Jayamma

Nanjangud: Jayamma (74), a resident of Banchalli Hundi village, Chikkayyanachatra hobli in the taluk, passed away yesterday at the village.

She leaves behind her husband Basavaraju, three sons and a host of relatives and friends.

She was the sister-in-law of former Zilla Panchayat President B.M. Ramu and former Tandavapura PACC Bank President B.M. Nagaraju (Dhani).

Last rites were held at the family's farm land yesterday evening, according to family sources.

Human-wild animal conflict

Will stop safaris if deaths persist, warns Khandre

Forest personnel engaged in the tiger-tracking operation on the fringes of Bandipur Tiger Reserve. Despite nine teams and over 150 members conducting a combing operation across forest-bordering villages, no trace of the elusive tiger was found on Sunday. A total of 46 camera traps have been installed at various locations to aid the search.

Chamarajanagar, Nov. 3 (SS&BCT) - Days after reducing the number of safaris at Bandipur and Nagarahole Tiger Reserves, citing rising man-animal conflict, Forest Minister Eshwar Khandre on Sunday warned that safaris would be suspended entirely if the situation is not brought under control.

Eshwar Khandre

Speaking at a coordination meeting of Forest, Revenue and Police officials at the Chamarajanagar Zilla Panchayat auditorium, the Minister asserted that staff shortage cannot be an excuse for the increasing incidents of conflict in districts adjoining forest areas. "If there aren't enough personnel to manage conflict-prone areas, then staff deployed for safari duties must be reassigned," Khandre said.

Meeting after two deaths

The Minister's remarks came after two farmers were killed in tiger attacks on the fringes of Bandipur Tiger Reserve. He directed officials of all concerned departments — Forest, Police and Revenue — to work in close coordination to contain such incidents, particularly along the borders of Bandipur National Park.

As a precautionary step, Khandre said forest personnel posted on safari duty would be redeployed to high-risk areas.

On Oct. 31, farmer Doddaningaiah (65), a resident of Koodagi village, who was grazing his cattle at a field in the forest border, was killed by a tiger near Saragur. 48-year-old Mahadevegowda of Badagalapura was seriously injured in a tiger attack on Oct. 16 and is undergoing treatment at a private hospital in Mysuru. Another farmer, Rajashekar of Bennegere village, was killed by a tiger on Oct. 26 near Mulluru.

Farmer leaders had demanded a complete suspension of safaris, arguing that beaming headlights from safari vehicles frighten wild animals, particularly leopards and tigers, driving them into nearby villages.

Highlighting the increase in both elephant and tiger populations, Khandre said expanding forest areas was not feasible and stressed the need to ensure adequate food sources within existing habitats to prevent wildlife from straying into human settlements.

Treating with sensitivity

Referring to the recent tiger-mauling incident at Saragur, the Minister criticised the decision to send the victim's body to Mysuru for post-mortem instead of conducting it locally. He urged officials to handle such cases with sensitivity and efficiency, ensuring that families receive the bodies promptly.

"No one should lose their life due to human-wildlife conflict. If such a tragedy occurs, the District Administration, Police, Forest and Health Departments must act responsibly and remain present until the funeral to maintain order," he said.

He instructed officials to build trust among villagers, strengthen communication and ensure that patrolling vehicles operate round the clock to respond swiftly and drive back straying wild animals into the forests.

Mysuru District Minister Dr. H.C. Mahadevappa, MLAs C. Puttarangashetty, A.R. Krishnamurthy, H.M. Ganesh Prasad, Anil Chikkamadu, Darshan Dhruvanarayan and M.R. Manjunath, MLCs C.N. Manjegowda and Shivakumar, Chamarajanagar DC Shilpa Nag, Mysuru DC G. Lakshmikanth Reddy, Principal Chief Conservator of Forests (PCCF) (Head of Forest Force) Meenakshi Negi, Chief Wildlife Warden of Karnataka P.C. Ray and senior officials from the Forest Department were present at the meeting.

'Will curb illegal resorts'

People have started venturing deep into forest areas and as a result, wild animals are coming out. There's a shortage of fodder and water inside the forest, which is also driving animals toward human settlements. Illegal resorts are increasing along forest borders. We will take action to curb them. We've also noticed a rise in safari operations and steps will be taken to reduce their number. I will convene a separate meeting regarding the recent tiger attack incidents.

Siddaramaiah

—CM Siddaramaiah

Speaking to reporters at Mysore Airport this morning

CONFLICT MANAGEMENT ACTION PLAN

An action plan was also announced at the meeting to tackle the growing number of conflicts. The measures include:

- Identifying conflict-prone zones and documenting recurring issues.
- Deploying staff strategically based on the severity of conflict, including drawing personnel from nearby forest ranges if required.
- Increasing patrolling, equipping vehicles with GPS and maintaining patrol registers in border villages.
- Ensuring regular visits by officials to affected villages.
- Involving local communities by designating youth and elders as "Aranya Mithras" to assist in patrolling and wildlife rescue operations.
- Ensuring 24×7 availability of vehicles and staff in villages near wildlife corridors.
- Conducting awareness programmes and mock drills for villagers, youth and children on how to respond during wildlife encounters.
- Establishing coordination committees at the district and taluk levels for inter-departmental cooperation and periodic review meetings.

Newly-wed among two go missing

Mysuru, Nov. 3 (KS)- In separate cases, two persons including a newly-wed have gone missing from city.

In the first case, a newly-wed woman, who left her rented house at Belavatha on Oct. 9, has since gone missing.

Suchitra

The missing woman is 23-year-old Suchitra. She had married Vijay Kumar a few months ago after falling in love with him.

Those having any information about the missing woman may contact Metagalli Police Station on Ph: 0821-2418115 or call Police Control Room on Ph: 0821-2418339.

In the second case, a woman has gone missing since Oct. 17 from K.R. Hospital in city.

The missing woman is M.J. Prabhavathy, wife of S.R. Shekarappa and a resident of Saraswathipuram in city.

As her sister was admitted to K.R. Hospital due to kidney ailment, Prabhavathy was staying at the hospital as her caretaker and went missing on Oct. 17.

Prabhavathy

Those having any information about the missing woman may contact Devaraja Police Station on Ph: 0821-2418306, or call Police Control Room on Ph: 0821-2418339, according to a press release.

Youth killed in road accident

Bettadapura, Nov. 3 (KS) - A youth was killed in a road accident at Ramanathapura in Hassan district on Saturday evening.

Ranjan

The deceased youth is Ranjan (20), son of N.P. Harish, a journalist at Periyapatna. He leaves behind his parents, brother and a host of relatives and friends.

Post-mortem was conducted at Hassan General Hospital and the body was shifted to his native place following which the last rites were held at Nandipura in Periyapatna taluk.

Regional Children's Science Congress begins

84 toppers from 84 Jawahar Navodaya Vidyalayas attend

Mysuru, Nov. 3 (MK&KS)- A five-day Hyderabad region Regional Children's Science Congress, organised by PM Shri Jawahar Navodaya Vidyalaya and co-ordinated by Mysuru Navodaya Vidyalaya, began at Vijnana Bhavan in Manasagangothri campus in city this morning.

The event is being held to foster curiosity, creativity and scientific inquiry among young, talented students.

As many as 84 tenth standard toppers from 84 Jawahar Navodaya Vidyalayas from Karnataka, Kerala, Telangana, Andhra Pradesh, Central and Middle Andaman etc. are taking part in the Science Congress.

Addressing the gathering after inaugurating the event, former University of Mysore Vice-Chancellor and National Academia of Science India Chairperson Prof. K.S. Rangappa said, "More than politicians, there is a need for scientists, economic experts, doctors and engineers for the development of the country."

Pointing out that the country needs intelligent students as without them the country cannot progress, Prof. Rangappa said, "Prominence to intelligent students in very important and without science, no country can survive."

Former Mysore University Vice-Chancellor Prof. K.S. Rangappa (second from left) lighting the lamp to inaugurate the Regional Children's Science Congress at Vijnana Bhavan in Manasagangothri this morning as (from left) Mysuru Navodaya Vidyalaya Principal V. Srinivasan, Assistant Commissioner (Academic) at Navodaya Vidyalaya Samiti S.P. Borse and Retired ISRO Scientist Prof. V. Jaganath look on.

He then told the students that it is them who lead the nation and every country chose such type of students. "A country can grow only when there are bureaucrats, top scientists and engineers. Science is growing very fast. Imagine how a computer is being used now which was in a room in 1980s. This shows how science is growing as science can make great changes," he added.

Pointing out that science is not a bed of roses, he said that the need of the hour is quality skilled scientists for the country besides stating that the lifespan of human beings has increased because of science.

"The knowledge we have in our country is not there in any other country. We have great culture and there is a need to develop it and hence encouragement is being given to science in the country," he added.

Retired ISRO Scientist Prof. V. Jaganath, who was the guest of honour, also spoke.

As part of the Regional Children's Science Congress, students will be taken to The National Institute of Engineering (NIE) today (Nov. 3), they will be visiting MyMUL tomorrow (Nov. 4), All India Institute of Speech and Hearing (AIISH) and the Anthropology Museum on Nov. 5, CFTRI on Nov. 6 and Defence Food Research Laboratory (DFRL), a DRDO lab in city, on Nov. 7.

Deputy Commissioner at Navodaya Vidyalaya Samiti (NVS) Regional Office Hyderabad Abhijit Bera, Assistant Commissioner (Academic) at NVS Regional Office Hyderabad S.P. Borse and others were present.

Rotary quiz for children

Mysuru, Nov. 3 (MTY&DM)- The Rotary Mysore Children's Library has organised a quiz competition for children on the country's art and culture at Rotary Hall here at 2 pm on Nov. 8.

Announcing this at a press meet here recently, Rotary Mysore Children's Library President Mubeen Sait said that ahead of the competition, there will be first and second round of contests from 6 pm on Nov. 5, which will be held online. Those who qualify in this, can take part in the main competition to take place at 2 pm on Nov. 8. There will be three prizes. The first prize carries a cash prize of Rs. 10,000, second prize - Rs. 8,000 and third prize - Rs. 6,000.

For details, contact Mob: 99868-59236, Sait said.

The Library's Roopa and Venkatesh were present at the press meet.

Bhuvaneshwari idol adorns bus on Kannada Rajyotsava Day

As part of Kannada Rajyotsava celebrations on Nov. 1, KSTRC Bus Route No. 119 was decorated with flowers and adorned with Sri Bhuvaneshwari idol in the front. The bus travelled through Hebbal-Gokulam-Infosys route. Seen in the picture are bus driver Mahadeva, Lokesh, Karnataka Rakshana Vedike District President K. Madesh, Arun Kumar and Kumaraswamy.

Centre to establish dialysis units in 750 districts: Dr. C.N. Manjunath

Bengaluru Rural MP Dr. C.N. Manjunath inaugurating the workshop as part of the 30th annual conference of Karnataka State Urology Association in city as Mysore Medical College and Research Institute Dean and Director Dr. K.R. Dakshayani, Urology Association President Dr. Srikant Mehrwade and others look on.

Mysuru, Nov. 3 (MTY&BCT)- The Central Government will soon establish dialysis centres in 750 districts across the country under its National Health Mission — a move that will greatly benefit patients suffering from kidney failure, said Bengaluru Rural MP Dr. C.N. Manjunath.

He was speaking after inaugurating a three-day workshop at the North Avenue Convention Hall in Hebbal, Mysuru, organised as part of the 30th annual conference of the Karnataka State Urology Association.

Addressing the gathering, Dr. Manjunath emphasised the importance of clinical judgment in medical practice. "Decisions taken after personally examining a patient are crucial. The choice of treatment should never outweigh the nature of the illness," he said, cautioning against allowing medical technology and the pharmaceutical industry to dictate treatment protocols.

Highlighting the disparity in awareness about kidney disease and surgery between rural and urban populations, he urged the Government to take steps to bridge the knowledge gap. He also called for the official classification of kidney failure and related conditions as Non-Communicable Diseases (NCDs).

320 million dialysis sessions

Dr. Manjunath shared key national health statistics, noting that over 500 million people in India have been screened for diabetes and hypertension, with 2.8 million patients currently undergoing dialysis and over 320 million dialysis sessions conducted so far.

He pointed out that diabetes and hypertension remain the leading causes of kidney failure, underscoring the importance of preventive care and early medical intervention.

Kidney failure, he said, can often be prevented through proper medical management and lifestyle control. Citing clinical data, he noted that 40-50 percent of patients undergoing angiograms suffer from heart-related ailments, and among them, nearly 20 percent also experience kidney failure. Conversely, 50-60 percent of kidney failure patients are found to have cardiovascular diseases.

Dr. Manjunath said, the surge in lifestyle-related diseases calls for stronger public awareness and proactive healthcare measures.

"Doctors and hospitals must actively promote organ donation. Even if medical colleges lack transplant centres, setting up organ retrieval units would be a major step forward," he suggested.

Those present included Dean and Director, Mysore Medical College and Research Institute Dr. K.R. Dakshayani, Urology Association President Dr. Srikant Mehrwade, Dr. M.S. Ranganath, Dr. Kiran Kumar, Dr. Sachin Dharwadkar, Dr. R.B. Narli, Dr. Chandramohan Reddy, Nephrology Institute Director Dr. Shivalingaiah, Mysore Nephrology Institute Head Dr. J.B. Narendra, Dr. Dayananda, Dr. H.L. Prasad and senior specialists Dr. Prakash Prabhu, Dr. Madappa and Dr. Amritraj Gowda.

Statue of former CM D. Devaraj Urs unveiled after a long delay

Mysuru, Nov. 3 (MTY&DM)- Ending the long delay in unveiling the statue of former Chief Minister late D. Devaraj Urs, Chief Minister Siddaramaiah this morning inaugurated the statue installed in the premises of the new Deputy Commissioner's Office on Bannur Road, Siddarthanagar. Devaraj Urs' daughter Bharathi Urs was present.

The prolonged delay in the inauguration had triggered public protests, with several leaders accusing the Congress Government of ignoring the legacy of Devaraj Urs, one of Karnataka's tallest leaders who hailed from the Mysuru region. Bowing to public pressure, the statue was finally unveiled today.

Earlier, MLA Tanveer Sait, MLC A.H. Vishwanath, then Deputy Commissioner Dr. K.V. Rajendra, and Suraj Hegde, grandson of Devaraj Urs, had jointly performed the Bhoomi Puja (ground-breaking ceremony) on Feb. 19, 2024, for the installation of the statue, estimated to cost Rs. 92 lakh.

The 12-ft. tall statue, sculpted from black granite, is the work of Suryaprakash Yogiraj, elder brother of renowned sculptor Arun Yogiraj, who gained global fame for sculpting the Balak Ram idol consecrated at Ayodhya.

The statue was initially proposed to be installed at the junction of D. Devaraj Urs Road and JLB Road, but the plan was dropped due to technical reasons.

Speaking on the occasion, Siddaramaiah said that Devaraj Urs, who served as Chief Minister for eight years during the 1970s, made immense contributions to the development of Karnataka.

"Urs always stood for social justice and equality and practised these ideals till the end. He empowered many micro-communities that had little or no political representation. It was because of Urs that several leaders from marginalised and backward communities entered the corridors of power at Vidhana Soudha for the first time," he said.

Calling Devaraj Urs a role model for present-day politicians, Siddaramaiah said that socio-educational and economic empowerment were essential for the progress of backward communities. "Urs ushered in social change and worked to eradicate inequality. He opened the door for marginalised communities to find their place in governance," he added.

The CM also announced that work on the installation of a statue of Valmiki in the DC Office premises was underway.

The event was attended by District Minister Dr. H.C. Mahadevappa, MLAs K. Harishgowda, Tanveer Sait, D. Ravishankar, and Puttarangashetty, MLCs A.H. Vishwanath, C.N. Manjegowda, Dr. D. Thimmaiah and K. Shivakumar, KEA Chairman Ayub Khan, Guarantee Schemes Implementation Monitoring Authority Vice-Chairperson Dr. Pushpa Amarnath, Deputy Commissioner G. Lakshmikanth Reddy and other political leaders and officials.

Chief Minister Siddaramaiah, who unveiled the statue of Devaraj Urs in city this morning, seen with Devaraj Urs' daughter Bharathi Urs, District Minister Dr. H.C. Mahadevappa and Legislators.

Retaining walls along Kapila, Cauvery Riverbanks

MLC seeks Rs. 500 crore from 16th Finance Commission

Shivakumar

Mysuru, Nov. 3 (BCT)- MLC K. Shivakumar has submitted a formal proposal to the 16th Finance Commission, requesting Rs. 500 crore in financial assistance to construct retaining walls along vulnerable stretches of the Kapila and Cauvery riverbanks in Mysuru and Chamarajanagar.

In his submission, Shivakumar highlighted the recurring hardships faced by residents of Nanjangud, T. Narasipur and Kollegal taluks, especially during monsoon season and whenever water is released from Kabini dam.

"These rivers overflow and inundate nearby settlements, forcing poor agricultural labourers and small farmers to evacuate their homes for one to two months, along with their families and livestock," he noted.

Villages such as Mullur, Hale Annahalli, Harale, Saragur, Dangere, Sathegala and Yadamuri in Kollegal taluk, along with several others in Mysuru district, are among the worst affected. The displacement, Shivakumar said, causes immense distress and disrupts livelihoods and children's education.

To address this, the proposal recommends constructing retaining walls along stretches measuring 2.5 to 3.5 km each in Nanjangud and T. Narasipur and 6 km in Kollegal taluk on both sides of the riverbed.

"These protective structures will safeguard habitations from seasonal flooding, prevent soil erosion and ensure long-term stability for communities that have suffered for decades," he said.

He urged the Finance Commission to consider the request under appropriate provisions, emphasising that the intervention would significantly enhance flood management, rural resilience, and sustainable livelihood protection in the region.

Car plunges into VC Canal; driver escapes unhurt

Mysuru, Nov. 3 (BCT)- A car veered off the road and fell into a VC Canal near B. Yarahalli in Mandya taluk around 4.30 am today. The incident occurred when Krishna, a resident of Kallahalli in Mandya, was driving through the area.

According to preliminary reports, the accident was caused by a narrow road and a lack of protective barriers. Fortunately, Krishna managed to exit the vehicle immediately and escaped without injury.

Fire and Emergency Services personnel rushed to the spot and lifted the car from the canal. Mandya Rural Police Station have registered a case.

Discount on University Prasaranga publications

Mysuru, Nov. 3- On account of Kannada Rajyotsava, University of Mysore (UoM) has announced to sell its publications at Prasaranga, at 50 percent discount, from November till December.

The encyclopaedias and dictionaries will be sold at 25 percent discount rate, while there will be no discount on the publications of lecture series.

Interested may buy the books at the sales division of Prasaranga and its stall near Ramaswamy Circle. Students, scholars, book sellers and the general public, may make use of this opportunity, stated a press release from Prof. M. Nanjaiah Honganur, Director of UoM Prasaranga.

Unidentified man dies in hospital

Mysuru, Nov. 3 (KS) - An unidentified man, who was found lying sick at Sub-Urban Bus Stand on Oct. 27 and admitted to K.R. Hospital for treatment by the public has breathed his last at the hospital on Oct. 30.

The deceased is aged about 38 years, 5.4 ft. tall, normal built, light brown complexioned, sports beard and moustache, his front teeth had turned black and was wearing a black and white coloured checks full arm shirt, red coloured jerkin and black jeans pant.

The kith and kin of the deceased, if any, may contact Lashkar Police Station on Ph: 0821-2418107 or call Police Control Room on Ph: 0821-2418339, according to a press release.

Layout plan

(Continued from page 1)

R.T. Nagar last major layout

MUDA's last major housing initiative was in 2017-18 under then-chairman D. Dhruvakumar, when Ravindranath Tagore Nagar (R.T. Nagar) was developed over 219 acres, offering 2,250 sites. Additionally, around 500 sites were created in Lalithadrinagar (North) across 45 acres. Since then, no new layouts have been developed.

With the Bommanahalli project now underway, MUDA appears poised to return to its foundational mission — providing affordable housing and planned urban development for Mysuru's growing population.

Outer Ring Road to get 35 more traffic signals

(Continued from page 1)

However, this diversion has also had adverse effects. The stretch has increasingly become a hotspot for reckless driving and dangerous stunts like wheeling, as riders attempt to evade stricter enforcement within city limits. Such behaviour has led to several accidents and caused inconvenience to law-abiding motorists.

Taking these developments into account, the Police Department has decided to expand the signal network. While several junctions on the Ring Road are already equipped with signal lights, 35 new installations have been sanctioned at key accident-prone points.

Among the priority locations identified are the Shubhodhini Convention Hall junction, the RBI Junction and Belavatta, among others. Preparatory work is underway to complete the installation of these signals, which are expected to enhance road discipline and improve overall safety along the entire stretch.

KSCA Mysuru Zone fetes cricket achievers

The award-winning cricketers seen with** (sitting) **KSCA Interim Secretary M.S. Vinay, KSCA Mysuru Zone In-charge Irfan Sait, KSCA Interim President Sanjai Poll, KSCA Mysuru Zone Chairman S. Balachandar and Mysuru Zone Convenor R.K. Harikrishna Kumar.

Mysuru, Nov. 3 (VVH&VNS)- The Karnataka State Cricket Association (KSCA), Mysuru Zone, held its Annual Awards function at Nityotsava Convention Hall in city on Oct. 31.

Mysuru cricketers, both men and women, who had represented Karnataka at State and National-level were felicitated.

Speaking on the occasion, KSCA Mysuru Zone In-charge Irfan Sait said, Mysuru had ideal environment for budding cricketers to express themselves. With 480 matches conducted this year, Mysuru had provided greater opportunities for talented cricketers, he said adding that Mysuru had the highest number of women cricketers compared to other cities in State.

KSCA Interim President Sanjai Poll said Mysuru had contributed immensely for the growth of KSCA.

"Mysuru, apart from hosting Zonal-level tournaments, has also been a venue for National-level and Maharaja Trophy," he said adding that efforts would be made to upgrade the existing facilities in Mysuru.

Later, cricketers S.J. Nikkin Jose, Kishan S. Bedare, L.R. Chethan and L. Manvanth Kumar of Mysuru Zone, who had represented Karnataka in Ranji Trophy, Vijay Hazare Tournament and Syed Mushtaq Ali Tournament and senior women's cricketer Shubha Satheesh were awarded for their achievements. Cricketers who were felicitated include:

Men: U-25: L.R. Chethan and B. Dheemanth; **U-23:** Kruthik Krishna and Manvanth Kumar, **U-16:** Dhyan Mahesh Hiremath.

Women: U-23: P. Saloni, **U-19:** Veda Varshini & J. Deeksha; **U-15:** Liyanka B. Shetty, Nesara Sapthagirish, Karishma J. Gowda and K. Harshitha.

KSCA WOMEN'S LEAGUE: ***The trophy was presented to Champion 'Yamuna' and Runner-up 'Ganga' teams at KSCA, Mysuru Zone, Annual Awards function in city. Also the 'Best Batter' award was given to Yashika K. Gowda (538 runs) and 'Best Bowler' award to J. Deeksha (11 wickets).***

Selected for BCCI's Cooch Behar U-19 probables

Gaurav Appanna

Mysuru, Nov. 3- Kodagu's Gaurav Appanna Chendanda has earned a coveted spot among the 39 probables short-listed for the prestigious Cooch Behar Under-19 cricket tournament conducted by the BCCI. This year he is the only player selected from Kodagu district making this achievement significant for the region.

An all-rounder, Gaurav is a right-arm fast bowler and a right-handed batsman known for his discipline, work ethic and consistent performances. At just 18, he has been pursuing cricket professionally for the past decade. He is the son of Chendanda Naveen and Reshma couple, who hails from Chembebellur village near Virajpet.

Inter-collegiate sports meet held at JSS STU

Mysuru, Nov. 3 (MK&VNS)- Mysuru City Inter-Collegiate Men and Women Weightlifting, Tennis and Men's Best Physique Competitions 2025-26 was held at JSS Science and Technology University (JSS STU) campus in Manasagangothri, here recently. The sports events were held in association with Teresian College, Mysuru.

The competitions were inaugurated by B.K. Suresh Babu, Director, Engineering Division, JSS Mahavidyapeetha, Mysuru.

JSS STU Vice-Chancellor Dr. A.N. Santosh Kumar presided. SJCE Principal (in-charge) Dr. C. Nataraju, Student Welfare Officer Prof. M.S. Sunil Kumar, Physical Education Director Dr. C. Revanna, Organising Secretary Antony Moses and others were present on the occasion.

Athletes from more than 25 Colleges from Mysuru city took part in the competitions which included Weightlifting, Lawn

Excel in roller skating

Shashwathi Gouramma and Chinmay Kishore

Mysuru, Nov. 3- Kautilya Vidyalaya's Shashwathi Gouramma won three silver medals in speed skating (12-15 category) and Chinmay Kishore won three gold medals in speed inline (10-12 years category) at the District-level Skating Competition organised by New Mysore District Roller Skating Association recently. Both students have been selected to participate in State-level Roller Skating Championship in Bengaluru.

India claims maiden ICC Women's Cricket World Cup

Navi Mumbai, Nov. 3- India defeated South Africa by 52 runs to clinch their maiden Women's World Cup title in Navi Mumbai on Sunday.

Chasing 299 runs, South Africa were bowled out for 246 in 45.3 overs, as Deepti Sharma took a five-wicket haul. Shafali Verma was also key for India, smacking 87 off 78 balls and also taking two wickets.

Laura Wolvaardt was left shell-shocked, falling to Deepti for 101 during the run chase. Then Deepti struck again to remove Chloe Tryon, completing her four-wicket haul. Nadine de Klerk was the final wicket lost as Deepti struck again.

Wolvaardt and her opening partner Tazmin Brits got off to a strong start, but an error in judgement from the latter saw her fall victim to a direct hit from Amanjot Kaur, departing for 23 off 35 balls. Meanwhile, Anneke Bosch had a miserable outing with the bat, falling for a six-ball duck to Shree Charani. Sune Luus did try to support Laura Wolvaardt, but the former South Africa skipper fell to Shafali Verma's golden arm, departing for 25 off 31 balls. Then Shafali struck again, removing Marizanne Kapp for four off five balls.

In the first innings, Deepti Sharma (58) and Shafali Verma (87) got half-centuries as India reached 298/7 in 50 overs.

India were handed a strong start, with both Shafali and Smriti Mandhana attacking Kapp. But Mandhana eventually outside-edged Tryon in the 18th over and was caught at 45 off 58 balls.

Meanwhile, Shafali got her half-century in the final ball of the same over. Eventually, she lost her wicket to Khaka for 87 off 78 balls, failing to get a ton. India's semifinal hero Jemimah Rodrigues failed to continue her good form, losing her wicket for 24 off 37 balls. Harmanpreet Kaur also failed to build on her form from the semis and was dismissed for 20 off 29 balls. Also, Amanjot Kaur failed to contribute and was dismissed by De Klerk for 12 off 14 balls.

Richa Ghosh made a short cameo, keeping India's scoreboard ticking in the death overs. She was dismissed in the final ball of the 49th over after smacking 34 off 24 balls. Meanwhile, Deepti Sharma remained registered 58 off 58 balls as India set a target of 299 runs.

India crossed the 50-run mark in 6.3 overs and got to 64/0 in 10 overs and then went past 100 runs in 17.2 overs, reaching 102/0. It was a delayed toss due to rain and it took place at 4.32 pm. South Africa captain Laura Wolvaardt won the toss and opted to bowl.

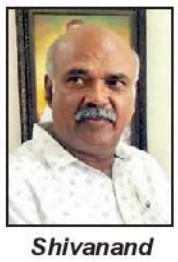
PM, CM congratulate

In a post on X, Prime Minister Narendra Modi said: ***"A spectacular win by the Indian team in the ICC Women's Cricket World Cup 2025 Finals. Their performance in the final was marked by great skill and confidence. The team showed exceptional teamwork and tenacity throughout the tournament. Congratulations to our players. This historic win will motivate future champions to take up sports. #WomensWorldCup2025."***

Karnataka Chief Minister Siddaramaiah too congratulated the Indian women's cricket team for scripting history by winning the World Cup. ***"The Indian women's cricket team has etched their name in history by clinching the World Cup with an extraordinary display of skill, passion, and perseverance. Heartfelt congratulations to our incredible world champions!,"*** he said in a post on X.

Re-elected as KUWJ President

Bengaluru, Nov. 3- Senior journalist Shivanand Tagadur was re-elected unanimously as the President of Karnataka Union of Working Journalists (KUWJ). This will be his third term as the President of the Union.



Shivanand Tagadur

Meanwhile, Ajjamada Ramesh Kuttappa and Mathikere Jayaram (Vice-Presidents), J.C. Lokesh (General Secretary), Pundalika B. Baloji, Somashekar Keragodu and Lingappa Chavadi (Secretaries) and Vasudev Holla (Treasurer) were also elected unanimously, according to a press release from Election Officer N. Ravikumar.

WORD OF THE DAY

Ostracize

Pronunciation: AH-struh-syze (Verb)
Meaning: To ostracize someone is to exclude them from a group by the agreement of the group's members.
Origin: In ancient Greece, citizens whose power or influence threatened the stability of the state could be exiled by a practice involving voters writing that person's name down on a potsherd — a fragment of earthenware or pottery. Those receiving enough votes would then be subject to temporary exile from the state. Ostracize comes from the Greek verb ostrakízein (itself from the noun óstrakon meaning "potsherd"), used in 5th century Athens for the action of banishing someone by way of such a vote. Someone ostracized today is not exiled, but instead is excluded from a group by the agreement of the group's members.
Example: "Telling stories with affection and noodging, [comedian Sarah] Silverman has always been encouraged by her family, who embraced rather than ostracized her for revealing family secrets on the way to reaping howls of laughter." —Thelma Adams, The Boston Globe, 19 May 2025.

THE ODD WORD

Llano

An extensive grassy and nearly treeless plain

PHRASE OF THE DAY

An Axe to Grind

Meaning: When you say you have 'An Axe to Grind' you mean that you have a grievance.
Origin: Although there are a few theories about the origin of the expression 'an axe to grind,' one of the most popular comes from a proverbial story dating back to the mid-1800s, in which a man convinces a boy to turn a grindstone so that he can sharpen an axe. When the school bell rings, the man scolds the boy for being late and does not pay him. Therefore, the boy now has 'an axe to grind' with the man who owes him money.
Example: "I have an axe to grind with the boss. This is the last time he's going to make me stay late on a Friday night."

QUOTE BOX

It's not what you pay a man, but what he costs you that counts.

—Will Rogers

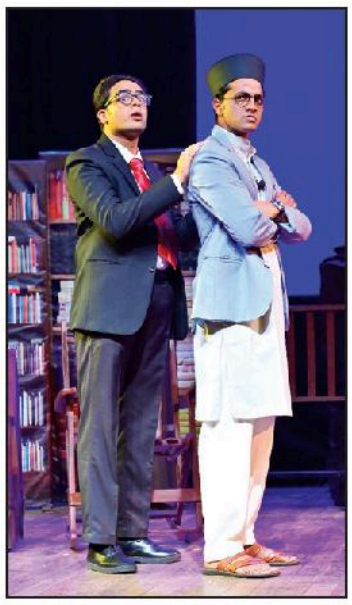
Staging of play 'Nijamahatma Babasaheba'



A scene from the play.

Mysuru, Nov. 3- Rangabhoomi Trust, Kodagu, will be staging the Kannada play 'Nijamahatma Babasaheba' at Mini Theatre in Kalamandira premises from Nov. 3 to 5 at 6.30 pm every day.

Written and directed by former Rangayana Mysuru Director Addanda C. Cariappa, the play delves into the life and legacy of Dr. B.R. Ambedkar, featuring key characters such as his trusted aide Nanak Chand Rattu, his second wife Dr. Savita Ambedkar, his first wife Ramabai, Jawaharlal Nehru, Mahatma Gandhi and Dattopant Thengadi.

The production features music design by Ravi Mooruru and sound design by Subramanya Mysuru, with music execution by Ajay Bhandari, lighting by Thirthahalli Shivakumar and costumes by Anita Cariappa.

The play runs for two hours and 20 minutes. It has a 10-member cast enacting over 30 roles. Likith Kumar essays the role of Dr. Ambedkar, while Anita Cariappa portrays both Rambabai and Dr. Savita Ambedkar.
